THUMBPRINTS RECEIVES UNGC SUSTAINABILITY AWARD

Ms. Tam Poh Eng accepting the award on behalf of Thumbprints Utd..

Thumbprints Utd. Sdn. Bhd. was presented with the Anti-Corruption Award at the recent United Nations Global Compact Network Malaysia & Brunei (“UNGCMYB”) Forward Faster Sustainability Awards 2023.

The UNGCMYB Forward Faster Sustainability Awards acknowledge the leading efforts of UNGCMYB member companies in integrating the Sustainable Development Goals (SDGs) into their core business strategies.

The ceremony emphasizes that achieving business sustainability requires continuous improvement and transformative advancements across all environmental,

In a landmark move in 2015, the 193 UN member states united to adopt the ambitious 2030 Agenda for Sustainable Development. This groundbreaking agenda outlines 17 Sustainable Development Goals (SDGs) and specific targets aimed at achieving a world of dignity, peace, and prosperity for all by 2030.

social, and governance (ESG) aspects. Moreover, the awards inspire UNGCMYB members to accelerate their progress towards achieving their individual SDG goals.

Commenting on the award, Deputy Managing Director Tam Poh Eng expressed sincere gratitude to the UNGCMYB for the recognition and ongoing support. "This award serves as a powerful motivator for us to further strengthen our commitment and strive for excell-

-ence in all matters related to sustainability," she stated.

"We recognize that we still have a long journey ahead," Ms. Tam continued. "And we are committed to continuously advancing our sustainability strategy in the years to come, ensuring that we deliver meaningful outcomes for both people and the planet."

Congratulations to all the winners of the UNGCMYB Forward Faster

Sustainability Awards 2023, and a special thank you to the UNGCMYB team for their dedication to organizing this impactful event.

This recognition serves as a powerful motivator for us to continue strengthening our commitment to ethical business practices and upholding the highest standards of corporate governance.

THE AWARDS

The awards recognize eight key areas where private companies can collectively make the most significant and rapid impact towards the Sustainable Development Goals by 2030.

These areas include:

- Climate Action
- Gender Equality
- Living Wage
- Water Resilience
- Anti-Corruption
- Finance & Investment
- Sustainable Supply Chain
- Biodiversity

In addition, three individual awards acknowledge the crucial role individuals play in championing sustainability within their respective organizations. All submissions were meticulously evaluated by independent judges based on established criteria.
